

## Secure Messaging

Registering with the new secure email service offers a solution that is more compatible with today's technologies while maintaining robust security.

**Prerequisite:** You **must** register and create an account to utilize secure messaging. To register, you will need to access a secure message that was sent to you.

### Registering with Secure Messaging

1. Open a secure message.

2. Click to open the secure message.
3. Enter information in each field, and click **Continue**.

**Important:** If registering a shared email account, inform all authorized users of the credentials entered.

### Replying to a Secure Message

1. Click **Reply** or **Reply All** to send a Secure Reply message back to the sender and/or recipients.

**Important:** Additional recipients cannot be added to the secure message.

2. Select **Send me a copy** to receive a copy of your reply.

**Important:** This option may be blocked based on email application.

3. Click **Attach a File** to include an attachment.

**Important:** Attaching a file is not available for Mobile Devices.

4. Once your reply is composed, click **Send**.
